Responsive Technology Partners Receives 2024 Gator100 Business Recognition

Tampa FL, February 15, 2024 — Responsive Technology Partners received its first Gator100 recognition by the University of Florida Alumni Association, honoring former students associated with some of the fastest-growing business owners and entrepreneurs in the world. Previous years' winners include Action Equipment, Bearbottom Clothing, and Onicx Group.

*Responsive Technology Partners
CEO Steven McComas,
MPA, MBA, CPA, CGMA and CEO*

"As the founding member and Chief Executive Officer of Responsive Technology Partners and a proud Gator Alumni, I am truly humbled and honored for the recognition as a 2024 Gator100 business from the number 1 public university in the United States per the Wall Street Journal and a top 20 public business school per U.S. News & World Report Best Colleges for 2024. The University of Florida and specifically the Warrington College of Business provided me with the foundational skills to succeed in business and, more importantly, life. Forever grateful. Go Gators!"

Mr. McComas was born and raised in Dunedin, Florida. Mr. McComas received his Bachelor of Science in Business Administration from the University of Florida, in December 1990, a Master of Public Administration from Jacksonville State University, in December 1992, and a Master of Business Administration from Mercer University, in May 1998. Mr. McComas also holds active licenses as a Certified Public Accountant in Georgia and North Carolina. He holds the distinction of a Chartered Global Management Accountant under the Chartered Institute of Management Accountants.

Responsive Technology Partners, a joint venture between Pineland Telephone Cooperative, Inc. and Wilkes Communications, provides superior IT support services throughout Florida, Georgia, North Carolina, Virginia, and Texas, as well as across the U.S. Our service offerings include IT support, cybersecurity and compliance, telephony, cloud services, Restaurant and Hospitality cloud-based point of sale implementation and management, access control & camera systems, cabling, digital marketing, and data center services.
